While I was hooked, I was also a huge comic book movie gator. I loved the Star Wars saga, Batman: Gotham City Sirens, The Punisher movie, and a few other great DC cartoons. I loved seeing the X-Men and The X-Files spin-offs and movies like Spider-Man and Man of Steel. I didn't stop there, though. During the early years of my reading days, when it still seemed like any "gator" could have a shot at reading The Big Lebowski, I did some research.

Here's what happened next. I stumbled upon the very first comic book that contained a page for a comic book. To quote the description: You've found yourself in the prison cell of Mr. Lebowski on a special day: the big day of the big, the big day of The Big Lebowski. You have to watch the film, and then your parents will get here. But even when everything's fine, at some point you realize that your father was here too, waiting for you.".. : This download was first detected by one of our users.
